

CombiTouch Control Interface now available on Alto-Shaam COMBIs!

In a nod to its innovative features and intuitive control, the CombiTouch won the prestigious NRA Kitchen Innovations (KI) Award in 2010. The CombiTouch follows in the footsteps of its

2007 KI award-winning predecessor, the ESi combi smoker, and the Combitherm, voted “Best In Class” Combi Oven by Foodservice Industry Consultants in 2009.

- **Intuitive interface** - The Alto-Shaam CombiTouch offers a simple interface that commands all of the Combitherm’s cooking functions. As the name implies, it is fully operable by touch.
- **Graphic controls** - The highly visual graphic-based control overcomes language barriers while the simple, logical procedures ensure that correct steps are followed every time.
- **An excellent memory** - Access up to 250 of your recipes that are identified by your own uploaded pictures. The Combitherm with CombiTouch also comes standard with more than 100 pre-programmed recipes and photos, covering most commonly prepared food items.
- **Standard HACCP** - The Combitherm with CombiTouch includes a downloadable HACCP functionality as standard.
- **Six levels of Gold-n-Brown™** - Six precise and consistent browning levels are available with the CombiTouch. The exclusive Gold-n-Brown feature gives the operator the ability to achieve the ideal cooking environment for the ideal finish.
- **Superior baking** - The new two-speed reversing fan provides excellent and consistent baking results. A moisture injection feature provides perfect sheen and crust on breads and pastry items.
- **Multi-shelf timers** - Track cooking time of either seven or 10 different food items (depending on oven size) in the same oven with multi-shelf timers. Time is tracked in minutes and seconds.
- **On-board diagnostics** - The CombiTouch system includes on-board diagnostic functionality with results displayed right on the touch screen.
- **Reduced energy setting** - CombiTouch features an interactive control display with reduced energy setting.
